Monet Landscapes

Museum of Fine Arts Boston - Boston, MA, USA

This art cube includes waterscape paintings by perhaps the most well-known impressionist artist, Claude Monet. From snowy fields to wildflowers under the sun, gothic architecture to mountains every subject transmits the sensations and the emotions associated with this iconic representative of the impressionist movement. The oversized storycard displays the full images with detailed descriptions and explanations of each painting's significance both in terms of imagery as well as for the artist. Sure to please, this cube makes a great companion gift to our Monet watercolor cube.
